

BRIGHT BRAIN ACADEMY

Dahmi kalan BAGRU

KNOW THYSELF

Take up one idea..make that one idea your life..think of it..dream of it..live on that idea..let the brain, Muscles, nerve, every part of your body:be full of that idea and just leave other idea alone.. This is the way to excellence.

BRIGHT BRAIN ACADEMY

GREAT PEOPLE

GREAT FUTURE.

20-21-22 Shyam Vihar, Dahmi kalan Bagru 303007

BRIGHT BRAIN ACADEMY

GREAT PEOPLE

GREAT FUTURE.

PROSPECTUS

Vision

We strive to facilitate creation and development of self dependent skilled global citizens who understand personal and social responsibilities, respect and accept others and crave for learning

Mission

We are on a mission to nurture the generations of life long learners , open minded, reflective, responsible and balanced individuals through compassionate and joyful processes of educating and training the mind , body and soul. The child centric and holistic approach adopted by us focuses on mutual understanding and sharing in pursuit of excellence in all domains of development.

Aims

- To create a community of learners who are sensitive to their surroundings and can act to make it better for our country and beyond .
- To educate The Community about the differences between knowledge and wisdom
- To train our children in such a way that they care for the natural resources and understand that future generations also have a right over them
- To sharpen the skills in children - Social Communication, Thinking, Creativity, Decision Making, Stress, Health and Self Management Skills so that they become self sustainable
- To give the children an opportunity to enhance their physical and mental abilities through Sports and other Co-curricular Activities
- To enlighten their spiritual faculties through Value Based Education System
- To convert the classrooms into learning labs, go beyond the physical boundaries of walls and smart boards
- To train teachers to create their own resources and involve learners. Teachers become a Co-learner rather than imposing knowledge
- To enhance technology driven teaching - Learning based on application and practical approach
- To shape the traditional classroom into a hub of creative and balanced thinkers

Introduction to BBA

BBA is located on the heartland of Dahmi Kalan-Bagru.

School today is no longer to class room instructions. We believe that school is much more than academic lessons and qualifications. Many of the most important lessons are those which students learn as part of team games, cross fertilizations of ideas, competitions and collaborative work.

To pave the way for such non cognitive learning we organize a variety of competitions and cultural events which also support formal learning. Inter class /house competitions such as debate, recitation, fancy-dress, group song, folk dance, rangoli, art and craft etc provide learning experiences which enrich the educational and social development of the students.

BBA carries huge expectations from the society to mould every kid who walks into our campus and be able to adapt to future trends, be it education or personality

development. The foundation stage and curriculum are designed keeping the needs it demands with the time. We teach children how to think and connect between their classroom learning and experience.

We aim to encourage learning by making the curriculum as interactive as possible, where children can learn practically and develop their personality. As a management policy we bring professionals into the school and take the children out to places to expand their experience and make learning more real.

At BBA We aim to encourage and support child to achieve his or her best and enjoy learning. It is important that we all understand and keep to the rules & regulation of our school in order to achieve a safe, happy and ordered learning environment.

SOWING THE SEEDS OF EXCELLENCE

In the true spirit of our motto "unleashing brilliance" we strive to elevate the learning experience of your child to a new level of understanding, ensuring a firm grasp of the fundamentals: strengthening the knowledge base, and creating a brighter future. In this verdant idyllic ambience, one can be knowledgeable, skilled, open, direct, confident and articulate. The education we offer, enhance the children's all round development facilitated by the latest teaching methods.

We teach our students to understand:

Form, function, causation , responsibility , logical-reasoning , concept and perceptive.

We enable our students to evolve to:

Communication skills , systematic planning, identifying their priorities, exploring their talents and patriotic consciousness.

We encourage our students to embrace:

Empathetic and sympathetic outlook, general enthusiasm, appreciation of people and surroundings, kindness and courtesy, General knowledge and its application in daily life.

Educational Environment

Our classrooms and methods of teaching are very well managed and supervised resources and teaching materials in class room are easily accessible to students as and when needed. The students are encouraged to be responsible to every sense within an organizational frame work under the guidance of teachers..

Our Class rooms are well ventilated and with naturally lit with comfortable furniture. We have introduced for the first time in locality the concept of Smart classes: i.e. the students are shifted from traditional method to state of the art technology, the smart class technology. An Audio-Visual system of learning. Also the activity display board, displays various art, craft work and informative tools are used.

Acedemic Curriculum (Group A)

Pre-Primary

Play Group/Nursery/ Kindergarten/Prep

The pre primary stage is the foundation of every child's basic education. At this stage the child is introduced to the basic skills of learning through the play way method and plethora of creative activities propelling his motor skills and enables him to a spirit of curiosity which is the key to learning.

Primary Section (I to V)

The child is now familiar with the school environment and is exposed to more formal ways of learning and testing. His or her participation gradually increases and he/she responds well to academics, Co curricular and extra curricular activities. The young scholars enjoys the challenges offered and the opportunity given to stretch themselves in a variety of directions.

Subjects covered at this stage are English, Hindi, Modern Maths, Environmental Studies, General Knowledge, Computer Education, Drawing and craft

Middle Section (VI to VII)

Now the students are well versed to the learning methodes, practices and are able to pave their own path towards their bright future and a brighter future of society and country too.

Subjects covered at this stage are English, Hindi, General Science , Social Science, Modern Maths, Sanskrit, Painting, General Knowledge, Computer Education, Drawing and craft

Admission Policy

Applications for admission are accepted from students of all faith. However preference is given on merit basis through admission test. A student has to produce grade sheet as proof of his/her previous class. Prospectus along with registration form is available in the school office. The form should be duly filled in and submitted in the office before the due date.

A child has also to compete for admission by appearing in a written test followed by an interview. Parent Should accompany the child at time of interview. The test will cover English, Hindi, Mathematics and Science based on the syllabi of the preceding class to which admission is sought. The Management reserves all rights of admitting children to school and is not bound to give reasons for admission or rejection of any particular child.

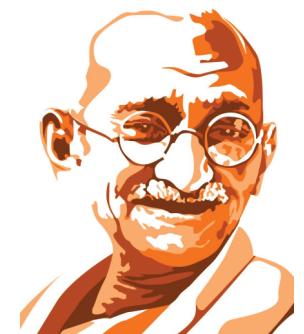

“ Education is what remains after one has forgotten what one has learned in school.

Albert Einstein

“ Live as if you were to die tomorrow.
Learn as if you were to live forever.

Mahatma Gandhi

“ A person who won't read has no advantage over one who can't read.

Mark Twain
